1 snare drum stand

3 cymbal-stands w. boom

1 hi-hat stand

1 adjustable drumchair

drum rug/carpet

Sound System:

High Quality Loudspeaker System, appropriate for delivering high SPL at highest sound quality to the entire audience.

Some FRIENSEMBLE pieces involve a high level of amplification, while the majority of a typical concert consists of a subtle reinforcement, aimed to provide a natural acoustic sound image. Please expect highly dynamic (and sometimes loud) music.

Monitor:

Almost all our players prefer to have the monitors not very loud. But at a really close distance.

6 monitor mixes

Microphones/D.I./P.S:

- 1 trumpet/electronics: D.I., power supply, mic (eks; Neumann KM 184) and mic stand, tall
- 1 trumpet/electronics: D.I., power supply, mic (eks; Neumann KM 184) and mic stand, tall
- 1 trombone: mic (eks; AKG C 414) and mic stand, tall
- 1 saxophones (alto/bary): mic (eks; EV Re 20) and mic stand, tall
